1. **Name of Pathway:**- Chronic Prostatitis – primary care NSCCG

2. **Names of Map of Medicine Editor and Administrative Assistant:** Elizabeth Williams

3. **Whose development folder is this pathway in?** Elizabeth Williams

4. **Date:**- 16/12/14

5. **Lead Commissioner:**-

6. **Lead Clinician:**- Dr Jonathan Rees

7. **Name of working group (if applicable):**- N/A

8. **References used in development of the pathway in addition to those listed by Map of Medicine:**- None

9. **Please list the changes made to the International pathway below, or list in Appendix 1 if there are a lot of changes.**
   The International pathway covers both Acute and Chronic Prostatitis. The NSCCG pathways have been divided, so there are separate pathways for Acute Prostatitis and Chronic Bacterial Prostatitis (CBP) and Chronic Prostatitis (CP)/Chronic Pelvic Pain Syndrome (CPPS).

10. **Please list the local information below that will be added after publication or list it in Appendix 2 if there is lots of local information. Please make it clear which node the local information will be attached to, use the node numbers shown in the pdf version of the pathway.**
    See Appendix 1
11. Please list the pathways below, that this pathway will need to link to:—
   International pathway ‘Prostatitis – secondary care’

12. Sign off details prior to Clinical Pathways Advisory Group (CPAG)

10.1 Clinical sign off

13. Please describe any changes to the pathway suggested by the people who reviewed it for inclusion in the Planned Care Pathway action plan:— None

14. Date of sign off by CPAG:— 11th December, 2014

15. Name of first CPAG member who approved the pathway:— Dr John Heather

16. Name of second CPAG member who approved the pathway:— Dr Andrew Warinton

17. Name of first CPAG member who approved the local information:— Dr John Heather

18. Name of second CPAG member who approved the local information:— Dr Andrew Warinton

19. Review date:— December 2016
1. **Local information to attach to ID 2**

- The British Prostatitis Support Association (BPSA) is an internet based UK focused organisation for information, support and campaigning related to the prostate diseases of prostatitis/chronic prostatitis/CPPS, for more information go to [www.bps-assoc.org.uk](http://www.bps-assoc.org.uk)
- Prostate UK, 6 Crescent stables, 139 Upper Richard Road, London SW15 2TN, Tel: 020 8788 7720 website: [www.prostateuk.org](http://www.prostateuk.org)
- Prostate Cancer UK Prostatitis leaflet
- Patient UK Chronic Prostatitis leaflet

2. **Referral information to attach to ID 14 and 20**

- North Somerset CCG commission GP Care to provide a community based rapid access ‘one-stop-shop’ diagnostic and assessment clinic for Urology. The GP Care Urology Service is based in Brockway Medical Centre, 8 Brockway, Nailsea, BS48 1BZ

The diagnostic and assessment service will make onward referrals to secondary care for surgical follow-up or complex imaging such as X-rays, MRI or CT scans. The service transfers patients quickly when cancer is diagnosed to meet the national cancer waiting time targets of 14, 31 and 62 days.

Waiting times from referral receipt to appointment average at less than 14 days. Patients have a 30 minute appointment with any necessary tests including cystoscopy being carried out in this one appointment and patients leave the appointment with a report and their GP will receive a copy within 24 hours.

For more information visit the website [www.gpcare.org.uk/site/nhspatients/urology](http://www.gpcare.org.uk/site/nhspatients/urology) or telephone 0117 9562100 or email info@gpcare.org.uk.

Referrals to this service are made via the Choose and Book system via the Referral Support Service

**Attach GP Care Urology referral form**

- Alternatively, complete the two week wait form for Urology and send to NBT or WAHT via Choose and Book.

**Attach Two week wait urology referral form**

3. **Referral information to attach to ID 16**

- North Somerset CCG commission GP Care to provide a community based rapid access ‘one-stop-shop’ diagnostic and assessment clinic for Urology. The GP Care Urology Service is based in Brockway Medical Centre, 8 Brockway, Nailsea, BS48 1BZ

The diagnostic and assessment service will make onward referrals to secondary care for surgical follow-up or complex imaging such as X-rays, MRI or CT scans. The service transfers patients quickly when cancer is diagnosed to meet the national cancer waiting time targets of 14, 31 and 62 days.

Waiting times from referral receipt to appointment average at less than 14 days. Patients have a 30 minute appointment with any necessary tests including cystoscopy being carried out in this one appointment and patients leave the appointment with a report and their GP will receive a copy within 24 hours.
For more information visit the website [www.gpcare.org.uk/site/nhspatients/urology](http://www.gpcare.org.uk/site/nhspatients/urology) or telephone 0117 9562100 or email [info@gpcare.org.uk](mailto:info@gpcare.org.uk).

Referrals to this service are made via the Choose and Book system via the Referral Support Service

**Attach GP Care Urology referral form**
- Alternatively GP’s can refer patients to the Urology departments at Southmead Hospital (North Bristol Trust) or Weston Hospital (Weston Area Healthcare Trust) by completing the standard Referral Support Service template and sending it to the RSS to process

**Attach RSS standard referral form**
